Sciences and
Disorders*

AUSTRALIAN VOICE ASSOCIATION

Virtually Voice Composium21

In ancient Greece, academic philosophers gathered and the symposium took place after the meal, when drinking for pleasure was accompanied by music, dancing, recitals, or conversation. We can't have the meal or dance together but we certainly can have a virtual conversation aka 'composium'

Dates: 19-20th March 2021

The Australian Voice Association is delighted to join with the voice committee of the International Association of Communication Science and Disorders to host our very first International & fully virtual Voice Composium in March 2021.

The content will have particular appeal to speech pathologists and phoniaticians with a focus on voice research and clinical paper and poster presentations along with some panel discussions, delivered in a single livestream program over 2 days. Presentations will be recorded to allow access over the subsequent fortnight for ease and challenging time differences.

The Call for Papers and Posters is now open! For abstract requirements and composium information, refer to:

<https://www.dropbox.com/s/ot2zjw7sf59yfzh/Call%20for%20Abstracts%20Voice%20Composium21.docx?dl=0>

**The deadline for submissions is 11pm UTC January 10th 2021
All abstracts must be submitted via email to
voicecomposium@gmail.com**
